

# AKSHAY AHER

## Salesforce Developer

### ABOUT ME

Highly motivated and result-oriented certified Salesforce Developer, proficient in Salesforce CRM, Apex, and Lightning Web Components. With a strong passion for continuous learning and dedication towards delivering high-quality solutions, I am ready to take on new challenges as a Salesforce Developer.

### CERTIFICATION

**Platform Developer I**  
*Salesforce*

### PERSONAL PROJECTS

#### Residential Society Management Application

- Focused on creating an efficient data model, page layouts, validation rules workflows, and ensuring smooth data management for residents and staff.
- Designed a security model using field-level security, sharing settings so that visitors and members cannot edit or delete each other records.
- By utilizing Apex programming, and Lightning Flows, designed an interface that enabled society members to effortlessly book amenities and manage maintenance requests.
- Utilized Apex triggers and process builder to send email notifications for new maintenance requests and updated member records based on amenity booking statuses.

#### Recruitment Management Application

- Designed and developed Data models, Relationships to streamline the recruitment process.
- Designed and developed page layouts, formula fields, and validation rules for the effective display of job applications to the hiring managers.
- Utilized Lightning Flows and Apex Triggers to gather candidate information and send email notifications when updating candidate, and job application records.
- Designed Lightning App Home page with Reports and Dashboards.

#### Developer Portfolio

- Designed and developed a developer portfolio using Lightning Web Components and Experience Cloud.
- Utilized Salesforce Lightning Design System and Salesforce Lightning Component library for effective display of portfolio data.
